

## **Connect and Collaborate:**

### Building Communication and Collective Intelligence

1. Do I listen to other people's ideas and opinions?
2. How can I better listen and ask pertinent questions to fully understand the perspectives of others?
3. Am I open to receiving information that challenges my ideas?
4. How can I adjust my actions or ideas to better fit into a collective collaboration?
5. Am I ready to adapt my communication to the needs and expectations of others?
6. How can I help strengthen harmony and efficiency in a team?
7. Am I able to identify tensions or blockages in a collaboration and propose solutions?
8. How can I better adjust my behavior or my way of communicating to improve group dynamics?
9. What communication and collaboration practices have I identified as the most effective?
10. Have I integrated the importance of diverse perspectives into my collaborative approaches?
11. Do I sufficiently value the contributions of others in a collaboration?
12. How can I strengthen my communication skills to better convey my ideas and listen to those of others?
13. Am I committed to making every collaboration an opportunity for mutual learning and collective growth?
